

BE FIRE SAFE CALIFORNIA!

It's a Clear Choice

The wildfires of 2003 ravaged Southern California.

24 people died, including one firefighter. More than 3,700

homes burned to the ground. **AND IT CAN HAPPEN AGAIN !**

Thousands of firefighters battled those wildfires. Please join the California Department of Forestry and Fire Protection (CDF) in recognizing their efforts and sacrifices by making the right fire safe choices.

DEFENSIBLE SPACE (Required by law).

An area clear of flammable vegetation and materials for a minimum of 30 feet. (In some areas the minimum is 100 feet. Check with your local fire department.)

Fire Safety Actions

- Is your home built with fire resistant materials?
- Are you active in fire safe planning in your community?
- Report suspicious activity to the CDF Arson Hotline:
1-800-468-4408.
